COVER LETTER

Dear Veeva Recruitment Team,

I read through the job offer and as someone who is looking to evolve their career, I am very interested in the position you're offering.

About myself: I have over 5 years of professional experience working for clients and businesses, creating Motion Design, Ad production, and Video Editing for content creators and managing their Social Media accounts. I have many other experiences as well, although they may be irrelevant to the role.

I believe that I am well experienced technically, have strong attention to detail, am productive, well organized, and have great communication skills on a professional level.

I would be happy to discuss my qualifications further. If you have any questions feel free to reach out.

Sincerely,

Achraf Samoudi
